

# ATTENTION!

## IMPORTANT INFORMATION FOR PUBLIC HOUSING RESIDENTS & HCVP PARTICIPANTS

**Attention:** If you are an employee of Crozer Health or Taylor Hospital and will be affected by the upcoming hospital closings, it's important to take action now to protect your housing.

### **What You Need To Do:**

**IMMEDIATELY** contact your Occupancy Specialist to discuss your situation and develop a plan to preserve your housing.

### **Why is this important?**

Changes in employment can impact your eligibility and rent calculations for Public Housing or the Housing Choice Voucher Program (HCVP). By contacting your Occupancy Specialist early, we can work together to:

- Understand how the hospital closures will affect your income.
- Review your options and ensure continued housing stability.
- Explore potential adjustments to your rent or voucher, if necessary.

**Don't wait!** Proactive communication is key to navigating this transition smoothly.

**We are committed to assisting our residents and participants during this challenging time.**
